

Everlast® Composite Siding

EVERLAST®

Advanced Composite Siding

The solid, authentic, high-end look of real cedar siding, with none of the problems of real wood, engineered wood, or fiber cement.

- Extremely durable mineral composite siding with polymer resins and acrylic colorants
- Virtually impervious to water, ideal for coastal and freeze/thaw environments
- Highly UV-resistant acrylic capstock with authentic CedarTouch® finish
- Never requires caulking or painting
- Industry's tightest and best looking plank to plank lap siding seams
- Superior wind, hail, and impact resistance
- Will not support combustion
- Minimal expansion and contraction
- Superior dimensional stability
- Homeowners' industry-best transferrable limited lifetime warranty including fade protection
- Less than half the weight of fiber cement
- Produces no harmful dust like fiber cement
- Requires no proprietary or specialty tools to install
- EZStack joinery speeds lap siding installation and ensures level with consistent course spacing
- Convenient EZNail® fastener slots on lap nailing hem every 8" O.C.
- Stainless steel seam brackets ensure the tightest lap siding seams
- No seam flashing, priming, caulking, or painting required
- Available: Everlast Premium Color-Matched Trim collection

The Everlast Siding palette* – including deep, rich hues – has been thoughtfully curated by color consultants to complement any style of home, regional preference, as well as both current and classic color trends.

NOTE: Colors may not be exactly as shown due to printing limitations. Consult a product sample before final selection. *Contact your Everlast dealer for product availability.

• Available in 10 colors.
