

ARTISINALLY CRAFTED FOR EXCEPTIONAL SPACES

Homapal® unites German craftsmanship with refined glamour to create artisanal, lustrous and sophisticated finishes that encourage designers to curate spaces that are as unique and dynamic as the people who experience them.

Homapal® metal laminates are real metal foils pressed to a phenolic core, combining the practicality of high pressure laminate with the beauty of genuine metal. Homapal® solid metals are solid aluminum sheets with printed finishes or brushed, polished or satin lacquer finishes.
